## Creator Chronicles DVD series to be offered again

Lower prices ahead of new releases

*Cincinnati*—For the first time in 3 years, the entire line of *Creator Chronicles* will be re-issued and offered again through Diamond Distribution, with Diamond-exclusive lower prices and incentives.

*Creator Chronicles* is a DVD video documentary series about comic book creators. Featuring exclusive interviews with some of the biggest names in comics, *Creator Chronicles* profiles creators via in-depth, one-on-one video interviews, told by the creator in their own words.

With several new products launching in the coming year (including Matt Wagner, Joe Sinnott, and the long-awaited Comic Fanzine Guide!), Amdale Media LLC (formerly Woodcrest Productions) is re-issuing the entire *Creator Chronicles* catalog to the direct market in an effort to raise awareness of the brand, and to give retailers who missed them the first time around another chance to carry these unique comic documentaries.

Next up for February, 2011 release (will appear in the **December 2010** Diamond Previews catalog) are *Creator Chronicles: Joe Jusko* and *Michael Golden*.
